BLOCKHOUSE

FOREWORD

IN publishing the 1932 Blockhouse, the aim of the Staff has been to organize an interesting and unified record of the year. We hope that as the years go by this publication will become more and more valuable to the former University student because of the memories it recalls.

At this point we wish to express our appreciation to all those who have worked so faithfully and diligently to make this edition a success.

MADELYN POPE,
Editor.

PAUL W. STANSBURY	<i>Acting Director of Graduate Study</i>

DR. HENRY J. DOERMANN

President Henry J. Doermann has made the present University possible and his ability will be responsible for our future growth. Not only has he built in stone, but even more lastingly in the lives of students and faculty.

While we realize his value to the University the citizens of Toledo have reason to be grateful for his unfailing interest in and sympathy for any worthwhile civic enterprise.

DEAN LEE W. MACKINNON

Dean Lee W. MacKinnon is the unfailing watchman of the machinery that keeps our University running smoothly, nothing is too small to merit his expert attention.

There is no one connected with the University who has not found him a genuine friend when friendship is needed.

The Student Council

THE STUDENT COUNCIL of the University of the City of Toledo is the students' governing body. The Dean of Women and the Dean of Men act as advisers to this student group. The Council is composed of two representatives of each class, and a President and four representatives elected at large.

The outstanding accomplishment of the Council this year was the successful way in which they handled the seventh annual Congress of the National Student Federation of America, which met in Toledo from the twenty-first to the thirty-first of December. It was a signal honor for Toledo University since it was the first time in the history of the organization that its convention was held at a municipal university. The Universities of Princeton, Michigan, Nebraska, Missouri, Stanford and Georgia Tech have been the hosts for the past conventions of the Federation.

The University Weekly radio program over Station WSPD, which was under the supervision of the Student Council, won high praise from the residents of Toledo and the immediate vicinity. Musical features, plays, and addresses by members of the faculty were featured on these programs.

Among the other numerous activities of the Council have been the social functions for the student body and the sponsoring of a very successful Loyalty Week. In short, the Student Council of 1932, as an organ of student government, has made a brilliant showing, and it behooves the officers and members of future Councils to maintain the high standards the present Council has set up.

Seniors' Departure

TO four rich, round, full years of golden experience we seniors say "good-bye" with a few last sad regrets but many pleasant memories.

To the administration, our associates and classroom friendships—"Auf Wiedersehen."

To the University—our Foster Mother—we bow our heads and kneel in reverence, with mellowed hearts, full of gratitude and pride, to ask her benediction—and rise with a prayer for her greater power and glory.

So we depart—with heads and hopes high, ready to meet disillusionment but to conquer with understanding—on the road that is "uphill all the way."

ROLLAND BUEHRER.

ATHLETIC

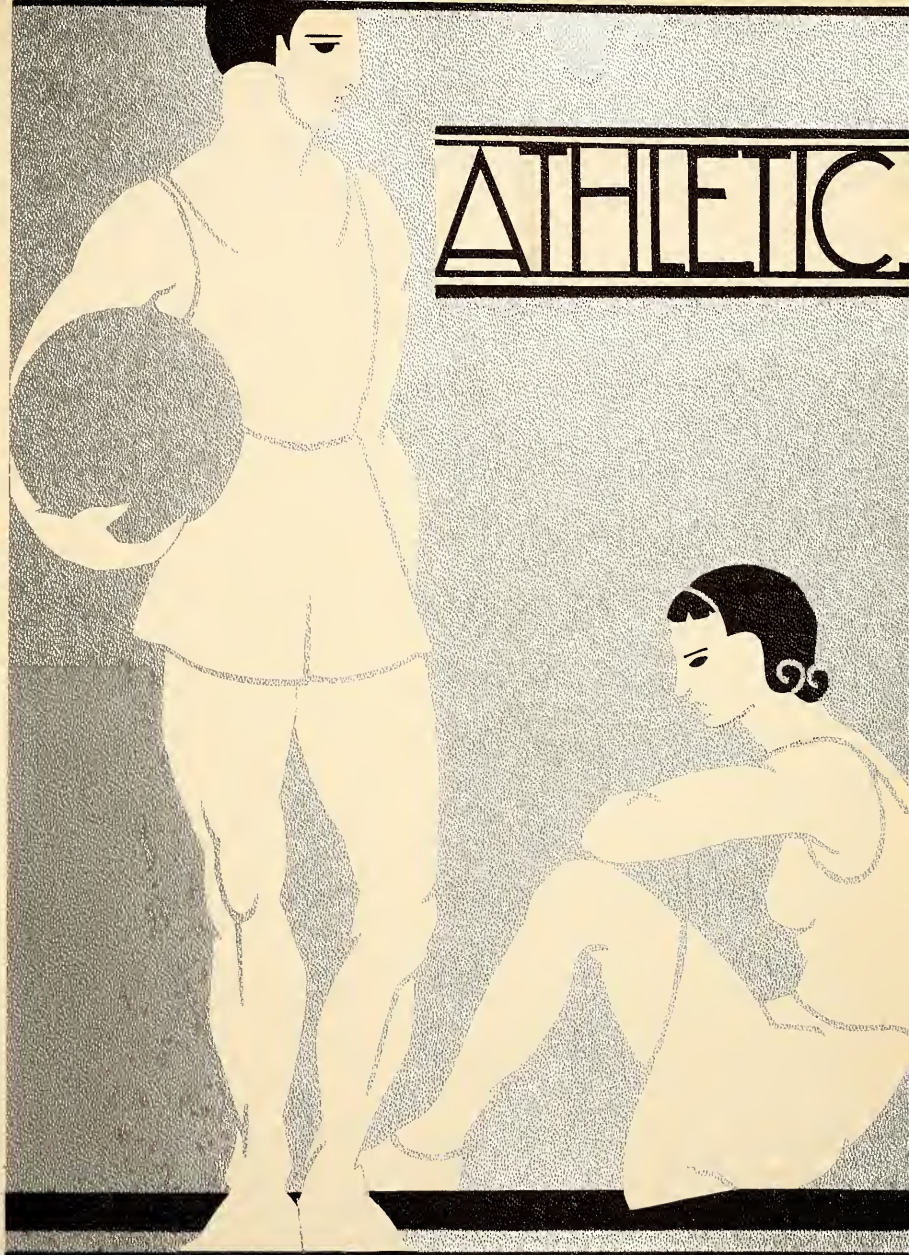

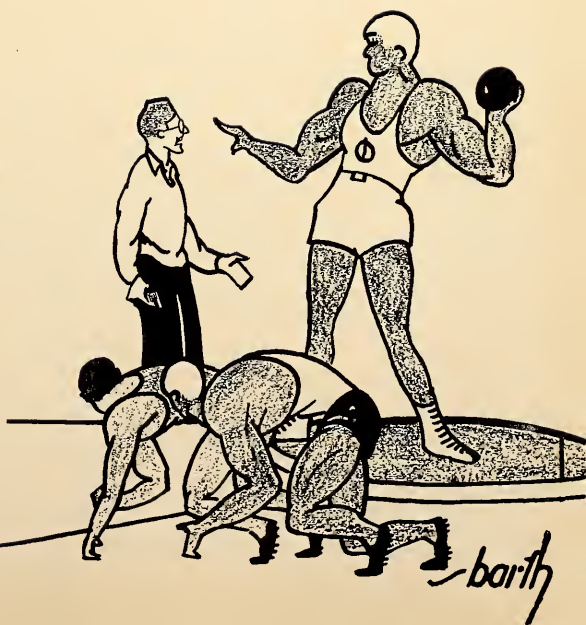

ILLUSTRATION BY [illegible]

INTER-COLLEGIATE

David V. Connelly

DAVID CONNELLY came to the University of the City of Toledo six years ago as athletic director, after a college career at Michigan State Normal and several years as a professional baseball and basketball player.

During the years that Dave has been our athletic director the Rockets have taken a high place in college athletics and, due to his unceasing efforts, the University has become a member of the Ohio Conference.

As sponsor of the District High School Basketball Tournament and the Sectional High School Indoor Track Meet this year, he handled the most successful and well-managed meets that have been held in this part of the state.

James Nicholson

COACH Jim Nicholson, a graduate of Dennison and one of her greatest athletes, came to us from Sandusky High School two years ago to act as Football and Track Coach.

Although handicapped this year by lack of funds for a football team, Jim built up a splendid intramural program through which he developed some splendid material for next year's varsity. As track coach he developed the raw material available into one of the finest track squads in the Ohio Conference.

Edward Robare

EDWARD ROBARE, popularly known as "Eddie," successfully staged an intra-mural program on a large scale. Through his untiring efforts organized and independent competition was keener than ever before. His work, as a basis for a real athletic program in the future because of the increasing interest in athletic competition, is a forward step towards a better university.

Arnold Straka, Captain of Basketball

AFTER two years as captain of the Rocket basketball squad and three years on the varsity, Arnold Straka has finished his career as a Rocket cager. He is one of the best players that Toledo has ever had and it is with much regret that we say "adieu."

Back row: Bernstein, Fromkin, Meyerhofer, Straka

ARNOLD STRAKA

Captain Arnold Straka has just completed his last and most successful year as a Rocket player. He was the "spark plug" that carried the team through its first season in the Ohio conference. His fighting spirit and remarkable shooting ability were the feature of every Rocket contest. Straka attained sixth place in the list of the Ohio scorers. It is with real regret that we see him leave University athletics as his place will be extremely difficult to fill.

IRVING FROMKIN

Irving drew down the tough assignment of jumping center for the local aggregation. Although the majority of his opponents were bigger and more rugged than he, Fromkin managed to hold his own and usually did better than that. He is a remarkable shot and with this year's experience he should turn out to be one of the outstanding conference stars next year.

JOHN DOWD

Johnny was one of the Rocket's most dependable players this year. A fast moving player and an excellent shot, he was a mainstay on the team. He contributed much to the teamwork that is essential to a winning club. What he lacks in size he makes up for in speed and ability.

HENRY MEYERHOFER

Henry Meyerhofer was another fine player who was not able to play throughout the entire season. Henry was the unfortunate recipient of a broken thumb in an inter-fraternity football game. This injury kept him out of the games until the last part of the season. He contributed good basketball, however, when he was able to play and proved himself to be a smooth-working, dependable player who should be of value to our club next year.

JAMES RYAN

Jim, although handicapped by a stiff scholastic schedule, worked hard all season. As reserve forward and center this year he made quite a name for himself. His size, determination, and experience, together with his basketball ability, will aid him to be an outstanding player next year.

CARL KUMPE

Carl was quite a capable performer for the Rockets this year. Although he was handicapped by a knee injury, he continued to play in most of the games. Besides being a fine floor man Kumpe was one of the leading scorers on the squad. We are expecting to hear a great deal from him in the future.

DAVID BERNSTEEN

Dave is a real worker on the basketball floor and, although handicapped by his size, has a "never-say-die" spirit that usually proves disastrous to the opponent's hopes of victory. We are expecting a great deal of Dave next year.

JOSEPH SHANK

Joe started the season with a "bang" and proved himself to be a real running mate for Captain Straka. Shank was hitting his stride in fine style when a broken wrist sustained in the Heidelberg game lost him to the Rocket squad for the rest of the season. Joe's inspiring fighting spirit, combined with his natural basketball ability, will prove to be a valuable part of the team next year.

FRANCIS PATTERSON

Pat is a crashing, fighting player all the time that he is on the floor. He filled the position of reserve guard in most of the Rocket encounters, but toward the end of the season he saw more action. This unassuming, sincere Sophomore will be a strong candidate for a regular position on the varsity next year.

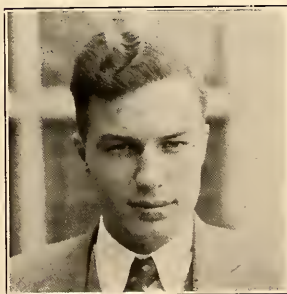

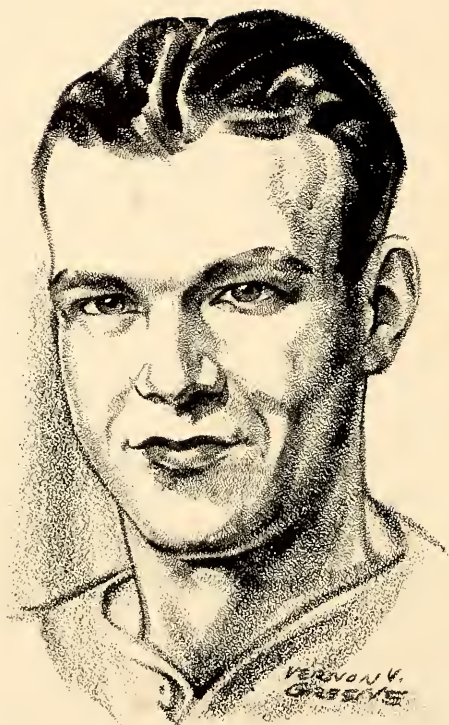

WILLIAM WILES

Joining the squad at the beginning of the second semester "Billy" soon became a sensational guard even though he looked sma'l in comparison with opposing forwards. His ability to keep these forwards from scoring has marked him as a potential star on the team next year.

RAY KING

Ray was not a regular on the club this year, but just a "regular fellow" who held the job of manager of our basketball team. He cared for all the equipment of each player, acting as a personal valet, so to speak, for constant toil was required each afternoon. This job does not garner g'ory but Ray does his job efficiently.

Max Krause, Captain of Baseball

After two years as a catcher on the varsity, Krause was elected captain of the Rocket nine. This is Max's last year at the University and Connelly will find his place extremely hard to fill next spring.

First: Krause, Duckett, Wiles, Monto, H. Day, P. Day

Back: Connelly, Ryan, King, Douglas, Straka, Harmon, Benda, Meyerholtz

Baseball Schedule

April 16	Oberlin
April 22	Bluffton
April 26	Ohio University
April 29	Heidelberg
May 2	Ohio Northern
May 6	Bowling Green
May 11	Defiance
May 14	Oberlin
May 17	Heidelberg
May 20	Bowling Green
May 21	Ohio University
May 23	Ypsilanti
May 27	Ypsilanti

MAX KRAUSE

Max is the catcher for the University squad. It is practically impossible for pitchers to put a ball past him, and the way he traps the ball is a beauty to behold. He is also a good, consistent hitter, who can always be depended upon. Krause ranks among the best collegiate catchers of the section, and he will be a hard man to replace next year.

ARNOLD STRAKA

Arnie carries the same fighting heart on the diamond as on the basketball floor. Straka is the only infielder back from last year's team. His cool and sure fielding has the effect of steadying the new infield. Arnie's hitting is driving in many runs, and he can always be depended upon to deliver in the pinches.

HAROLD DUCKETT

Duckett is Toledo's only left-handed pitcher and he has contributed some good games with his educated arm. This little fellow is full of pep and instills fight and confidence into the team. When he is not on the mound, Harold can be used in the outfield.

EUGENE SHENEFIELD

Shenefield is a veteran in whom Connelly has a great deal of confidence. He was a great pitcher last year and is still a sure winner. Gene's control of the ball truly justifies the confidence which his teammates and Connelly have in him.

PAUL DAY

Day, together with Shenefield and Duckett, were expected by Connelly to make up the backbone of the team. Paul is a veteran of last season. His c'e'verness, fighting spirit, and control are sure to figure in wins for Toledo U.

HOWARD DAY

Howard is another member of the sextet which makes up the greatest battery that we have had in years. He is a letterman from last year and is an inspiring and fighting catcher.

blockhouse

CHALMERS HARMON

Harmon alternates with Captain Krause to take care of the catching duties. He is very influential in keeping the players on their toes at all times. Contrary to the customs of catchers, however, he is an excellent hitter.

JAMES RYAN

Jim is a big, tall, rangy, left-hander, who is playing his first year of baseball for the Rockets. He is a good consistent fielder and seldom lets anything get past him. Jim shows promise of developing into a real hitter. This man should be a real asset to future Toledo University baseball teams.

WILLIAM WILES

Wiles, early in the season, sewed up a place in the outfield for himself. The man who hits one past Bill can be sure that he has hit the ball hard. He is a hard, consistent hitter, and good for a lot of runs. His strong and accurate throwing arm is also valuable in holding hits to a minimum of bases.

FRED DRENNAN

Drennan was one of the most versatile baseball players Scott ever turned out. He can catch, play infield or outfield equally well, and this, together with Fred's powerful hitting, makes him one of the best sophomore prospects Connelly has.

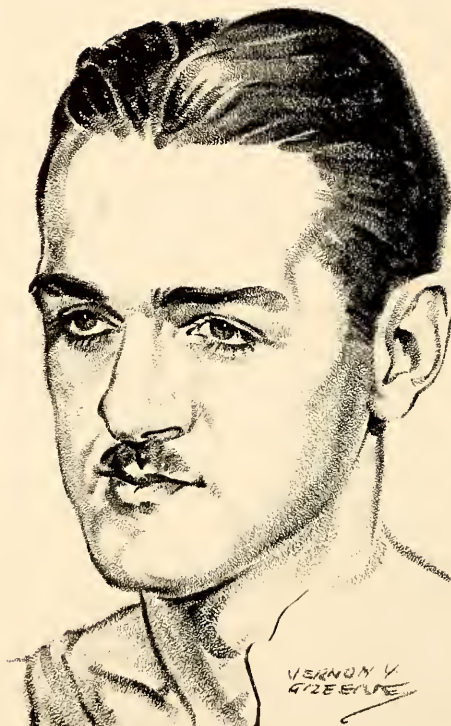

SIDNEY DOUGLAS

This is Douglas' first year on the varsity and he has proved himself to be a versatile and valuable player. He played in the City Federation League last summer, and developed into a fast, fighting outfielder. He is equally as efficient at third.

EDWIN MONTA

Monta is another new man on the team. He is a fast and sure fielder and can sure cover the ground. He is a consistent hitter. Monta is a man who keeps cool in the tight spots.

Captain Robert Silence

Although only a Sophomore, Bob has justified the great promise shown by his work on the Cross Country team last year. He has a fondness for being out in front at the end of a race and this year found him among the leaders. It is a great honor to be elected captain in one's Sophomore year, but by his fine work Bob has shown that he deserved the post.

First: Snyder, Sillence, Masters

Second: Young, Sansom, Duhaime, Fennell, Snyder, Sillence

Back: Nicholson, Rieman, Alexander, Brown, Robare

Varsity Track

THIS year marks the return of track to University athletics. Due to a lack of candidates with which to build a squad worthy of Toledo University, track was dropped from Rocket sports last year. This spring, however, found the Toledo thin-clads out working hard. Coach Nicholson has a team which seems to be headed for success. In their first meet the Rockets handed Bowling Green a fine lacing. Prospects of continuing this pace look extremely promising, especially in the indoor meets which are held in the Arena. Toledo is handicapped in outdoor meets by a lack of capable performers in the weight and in the javelin throw. There is also a slight weakness in the 220 event. However, the coaches and boys are working hard, and seem to be headed for a successful season.

Back row: Somerville, Sansom, Cook, Eberle, Weber

First: Meier, McLean, Harris, Jensen

Golf Team

PROSPECTS for a winning golf team are very good this year. The entire team of last year will be back. It includes John Meier, Kenneth Sansom, John Weber, Philip Harris, Al Baumgardner and Harold Eberle. The team will be further strengthened by the renewed eligibility of Paul Jensen, a varsity man last year, and by the addition of Ted Lyons, Russell Somerville and other promising men. As soon as the weather permits an intramural golf tournament will be held, with the six low men being chosen for the squad. With an added year of experience the Rocket niblick-wielders are expected to enjoy a season fully as successful as the last, when they won 7 and lost 3. A difficult schedule is being arranged and the tentative list follows: Detroit City College, Michigan State Normal, University of Dayton, University of Detroit, Ohio Wesleyan, Armour Tech, Loyola, St. Johns, and possibly Notre Dame.

Gosline, Gray, Dence, Ernsberger, Bippers

Varsity Tennis

Tennis proved a very popular and successful sport at the University last season, and consequently spring found many interested participants. Tryouts placed several stars from last year on the team, which is made up of Wa'ter Dence, Maurice Ernsberger, Vance Gray, Alvin Bippers, and Robert Gosline.

INTRA-MURAL

Intra-Murals

SINCE it was impossible for the University to support a football team this year, the athletics staff conceived the idea of inter-fraternity and inter-class competition to keep the student body interested in athletics. Competition was not limited to football alone, but included track, ping pong, indoor baseball, foul shooting, boxing, and wrestling. In order to insure greater competition, a trophy will be given to the fraternity scoring the highest number of points in all inter-fraternity athletics.

Inter-Class Football

Due to the absence of varsity football at the University this year there was much interest shown in interclass games. Many former varsity men were members of their respective class teams, and as a result the competition was keen and the games were well played.

The first game found the Frosh meeting the Sophomores. The Frosh had an excellent array of ex-high school stars and were favored to win. True to the predictions they won, 7-0. They then met the Degree team, who had drawn a bye in the first round. On a wet, muddy field the Degrees fought their way to victory by two touchdowns. The captains of the class teams were: Freshmen, Robert Martin; Sophomores Carroll Alexander; Degrees, Robert Mussehl and Donald Sharpe.

Back row: Davis, Vobbe, Matheny, Callaghan, Buettin, Drake
First: Wiles, Monto, Butler

Independent Basketball

MUCH varsity material was revealed during the play of the eight teams which made up the Independent League. The result was a tie between the Junior Red Men and the "T.N.T." clubs. They were named co-champs. The "T.N.T." club was composed of Gibbons, Richardson, Vobbe, Hartough, Somerville, Thayer, Monto, and Striff. The Red Men team consisted of Davis, Kiehne, Cook, Mercer, Callaghan, James, and Gintzel. Gibbons was the leading point-maker for the "T.N.T." club, while Davis and Gintzel starred for the Red Men.

Inter-Class Track

ON FEBRUARY 22 the annual inter-class track and field meet was held in the University Field House. The Freshmen, scoring six firsts, two seconds, and eight thirds, won first place. The Sophomores finished second, garnering thirty-seven points from two firsts, seven seconds, one third, and two fourths. The Juniors followed with a score of 23 points gathered from three firsts, two seconds, and two fourths. The Seniors finished last, being able to score points by virtue of two fourth places.

The stars of the Freshmen team were Teel, Spencer, Somerville, and Spencer. Gray secured the most points for the Sophomores, while Young and Woehrle held up the honor of the Juniors.

Boxing

THE PHI KAPPA CHI fraternity won the inter-fraternity boxing meet, with Sigma Beta Phi placing second, and the Sigma Delta Rho fraternity third. The only knockout of the event was scored by Richard Krause of the Sig Deltas in the semi-finals of the 145-lb. class. The final results were:

115 lb	Bruce Melvin of Sigma Beta Phi
125 lb	Rodney Lehman of Phi Kappa Chi
135 lb	Clarence Carson of Phi Kappa Chi
145 lb	Richard Krause of Sigma Delta Rho
155 lb	Robert Martin of Phi Kappa Chi
165 lb	Glenn Green of Sigma Delta Rho
175 lb	Carlton Hissong of Sigma Beta Phi

The Intramural wrestling contest was won by Sigma Beta Phi fraternity. Sigma Delta Rho was second with Chi Rho Nu taking third place.

Individual results are as follows:

115 lb. class	Bartlett defeated Schaal
125 lb. class	Witker defeated Melvin
135 lb. class	Bremer defeated Meyerholtz
145 lb. class	Najarian defeated Hummel
155 lb. class	Miller defeated Krause
165 lb. class	Dence defeated Mussehl
175 lb. class	Hissong defeated Davis

Sigma Beta Phi

Inter-Fraternity Athletics

Since it was impossible for the University to support a football team this year, the athletic department conceived the idea of inter-fraternity competition in the various fields of athletic activity to keep the student body interested. This competition, which included football, track, cross-country, wrestling, indoor volleyball, foul shooting, ping-pong, and other indoor and outdoor sports, resulted in many hotly-contested athletic encounters between the fraternities. A trophy was given to the fraternity scoring the highest number of points in these contests. As this book goes to press the winner has not been decided.

Phi Kappa Chi

INTER-FRATERNITY FOOTBALL STANDINGS

	Lost	Won	Tied	Percentage
Sigma Delta Rho	0	3	2	1.000
Phi Kappa Chi	0	3	2	1.000
Sigma Beta Phi	0	3	2	1.000
Alpha Phi Omega	3	2	0	.400
Chi Rho Nu	4	1	0	.200
Chi Beta Chi	5	0	0	.000

INTER-FRATERNITY BASKETBALL STANDINGS

	Lost	Won	Percentage
Chi Beta Chi	1	7	.875
Chi Rho Nu	1	7	.875
Sigma Beta Phi	1	7	.875
Alpha Phi Omega	3	5	.625
Phi Kappa Chi	5	3	.375
Kappa Iota Chi	5	3	.375
Sigma Delta Rho	6	2	.250
Lambda Chi	6	2	.250
Kappa Psi	8	0	.000

Cross Country

This annual fraternity event, run over the University course, was hotly contested from start to finish. The Alpha Phis and the Sigmas finished in a tie for first place. The runners tried desperately to cross the tape so that a low score might be maintained. The close of the contest found the Alphas and Sigmas with twenty-four points, while the Phi Kaps came in for third place with forty-six points.

Track

The Phi Kaps easily won the contest by compiling seven first, three second and two fourth places for a total of fifty-five points. The closest competitor was the Sig Bet frat which scored 21 points.

The complete results follow:

Sixty-yard dash—Smead, Sharpe, Woehrle, Briggs.

Two-mile relay—Sig Delts, Sig Bets, Phi Kaps.

Sixty-five-yard high hurdles (two heats)—Spencer, Green Gosline, Krause.

440-yard dash—Woehrle, Snyder, Teal, Gosline.

Shot put—Smead, Stein, Shenefield, Edwards. Distance, 33' 7½".

Four-lap relay—Phi Kaps, Alpha Phis, Sig Bets.

Pole vault—Young, Hoffner, Sanson, Green. Height, 10' 6".

Low hurdles—Smead, Spencer, Teal, Green.

Mile relay—Sig Bets, Alpha Phis, Sig Delts.

High jump—Briggs, Jacobs, three tied for third. Height 5' 7½".

Inter-Fraternity Ping Pong

	Won	Lost
Alpha Phi Omega	7	0
Chi Rho Nu	6	1
Sigma Beta Phi	5	2
Sigma Delta Rho	4	3
Phi Kappa Chi	3	4
Lambda Chi	1	6
Chi Beta Chi	0	7
Kappa Iota Chi	0	7

Floyd Fowler, representing the winning fraternity, was the outstanding player, not losing one game. Chi Rho Nu was represented by Donald Garner. Kenneth Cummertow representing Sigma Beta Phi, and Donald Appel representing Sigma Delta Rho, took third and fourth places.

Foul Shooting

Foul shooting is a new sport which was given a trial in the Arena in April. John Costello was the high point man with a score of 33 out of a possible 40. Bill Wiles of the Sigma Delta Rho fraternity was second with 30 points. The rating of the three highest fraternities was:

1. Chi Rho Nu 133 out of 200
2. Alpha Phi Omega 117 out of 200
3. Sigma Delta Rho 112 out of 200

Inter-Fraternity Volleyball

Chi Rho Nu, after defeating Chi Beta Chi and Alpha Phi Omega came through to win the inter-fraternity volleyball tournament. Sigma Delta Rho was second with two wins and one loss. Third place ended in a tie between Alpha Phi Omega and Sigma Beta Phi, each having one victory.

Intra-Mural Standings

There has been a great deal of interest and keen competition in our intra-mural athletics this year. It has been a successful season—at least for some—and we are still looking forward to success in the late spring sports which are to follow. There will be intramural contests held in golf, tennis, indoor baseball, and horseshoes.

As we go to press the standings of each fraternity are as follows:

Sigma Beta Phi	612 points
Alpha Phi Omega	518 points
Sigma Delta Rho	505 points
Phi Kappa Chi	472 points
Chi Rho Nu	410 points
Chi Beta Chi	205 points
Kappa Iota Chi	137 points
Lambda Chi	125 points

WOMENS' ATHLETICS

All set? Let's go! A trip through the land of sports, with the women taking the honors. Hockey, speedball, basketball, volleyball, tennis, ping-pong, baseball, and all of those reducing games to which the fairer sex seem to cling coming into view. We are going to fly. So, held your breath and hang on to your hat.

CALENDAR OF 1932

- SEPT. 21—W. A. A. pamphlet distributed. New bulletin board erected.
- OCT. 1—Hockey and speedball practice begins.
- OCT. 8—Freshman Play Day.
- OCT. 16—Hike.
- OCT. 22—Hockey game. Upperclass vs. Smead School.
- OCT. 23—Speedball and hockey class tourney.
- OCT. 29—Miss Bowers, Publicity Chairman of National Section on Women's Athletics of A. P. E. Association, lectures.
- NOV. 30—Bill Tilden in the field house.
- DEC. 2—W. A. A. spread. Varsity hockey game.
- DEC. 10—Volleyball tourney starts.
- JAN. 19—Swim meet.
- FEB. 1—Hike and roast in Ottawa Park.
- FEB. 18—Intramural basketball tourney begins.
- FEB. 29—Archery lessons begin with the arrival of Mr. Rounsevelle. Psi Chi's win basketball tournament.
- APR. 6—W. A. A. Play Night.
- APR. 21—Jane Kamke and Thelma Miller go to conference.
- JUNE —W. A. A. banquet and awards.

Mrs. Marian Richley

Dorothy Miller

Two Leaders

ONE able leader is not enough for a live organization, and so the W. A. A. has two. Personality, pep, and vivacity, all characterize our little president. She is a busy one, but capable, and oh! what power! However, there is the other leader who always stays in the background, but is a very active adviser and aid. We have many good times for which to thank Mrs. Richley and many things for which we are grateful to her. Due to these two, interest and activity have been the keynotes for the year and W. A. A. has arrived at a successful close.

GOLF

With the first birds of spring came the co-ed golfers. An elimination tournament (in which no scores were posted) gave every girl a chance for some real sport. Any afternoon one may find these fair sportswomen on the greens at Ottawa Park. Every girl is urged to play and enjoy some real fun.

HIKING

The thrill of tramping along country lanes, building fires, devouring hot-dogs and good hot cocoa, are some of the exciting experiences that have come to the women of the University this year. Large group hikes were planned and held, and even the cold didn't freeze the spirits of these fun seekers. Come on, girls, "Hike for fun and get health and your time's worth."

BASKETBALL

Being one of the year's biggest activities, all of the girls are vitally interested and there is great competition for team places. Games are fast and exciting. And, I forgot, thrilling is the word when scores are close and one's friends on the side lines are demanding baskets. Oh! Won't that ball ever go in?

BASEBALL

Whack! Just like a rocket to outfield. Zip! In we slide. Hurrah, we are safe! Spring season coming, practices were held out of doors. Fascinating as ever, baseball drew a large crowd and plenty of pep from the Frosh.

Strike one soon turned into a two-bag hit. Those speedy pitchers certainly made it tough for everyone, but we stuck and soon conquered.

So ended the year with success, fun, pep, health, and plenty of companionship to show for our efforts. Come back again next year!

SPEEDBALL

SPEED—I told you we were going to travel fast, and the girls did this year, too. Being original, they started the game of speedball. All of the tomboys liked it because it is a combination of football, basketball, and soccer. At last we know who are the highest kickers in the school, and without holding a dancing contest! Pass—kick—dribble—and over it goes. It is only natural that its leader should be fiery Jennie Zelden. Those who participated this year were keen about the game, and triumphant were the freshmen when they won the tournament.

SWIMMING

SPLASH—what form! What are those streaks coming toward me? Why it's Emily Sherman and Catherine Rudolph trying to outcrawl each other as usual. Swimming took great strokes forward this year. Teams were made up from the advanced class and a meet was held. The teams were captained by the two racers. The Sherman team won the meet by ten points. There were form events, diving events, relays, and dashes, with the following participating: C. Rudolph, A. Wendorf, P. Rutz, V. Vizneau, L. Sheffield, V. Wienk, J. Lemke, E. Holloway, E. Crane, D. Jennings, M. Magerfleish, F. LaBounty, M. Lehman, S. Mullaney, C. Hacker, T. Travis, E. Sherman, H. Fuller.

VOLLEYBALL

Fifty-four girls made places on this year's teams! This is a slight indication of the enthusiasm shown by the women. Although the game is not so vigorous as most other sports, Volleyball does create a need for team play and it was very evident that that characteristic is prevalent at the "U." All can play volleyball. Let's make next season a still better one!

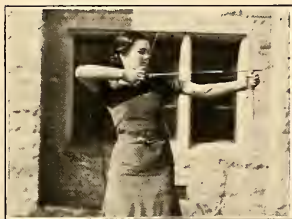

HOCKEY

What a season! What a group! For the first time the women really enjoyed the entire season out of doors. Also, for the first time the varsity teams chosen really played together. At their games there were spectators, and everything! Banners, colors flying, and real cheers! Look at those captains. Don't they look bold? They belong to the Army and the Navy, and this time Navy was too strong for Army.

In the class tourney the freshmen set a fast pace for the others to follow, but their uppers were too experienced for them.

Charla Beauprey, as head of the sport, led the field of excited enthusiasts, brandishing her stick, and bringing the season to a successful close.

ARCHERY

ROUNSEVELLE! That magic name in archery! And he was not a dream, if you please. He was a reality. Seventy-three people took the week of instruction that he offered, and those who missed it, missed the chance of a lifetime. It was not only the lessons which they lost, but the contact with the nation's archery champion. Those completing the course received a diploma on parchment which qualifies one to teach the ancient sport. There were only

a few who attained a skill of a Robin Hood. Two Marians appeared, Marguerite Lambert and Thelma Miller, who were the high scorers. Thanks to Eleanor Corns and her trusty aid, Mary Waedel, archery has had a pleasant year.

TENNIS AND PING PONG

Wham - whish, wham - whish! Click - clack, click-clack! Mama and her baby! Such a year! Tennis got off to a good start with scads of entries, as usual, for the tournament. An able leader—a good sport! The baby did not stay in the background this time. There was a rousing ping pong tourney, with such good players as Mrs. Richley, Charla Beauprey, Marge Hart, Lois Bussdieker, and Helen Ayars taking the honors. This was something new for the women, and in one year they acquired two tables and two sets, which is quite an achievement. The locker room has become a very attractive and coveted spot, thanks to this new interest, and games take place between tying shoes and combing hair every day. Oh! It's my turn to play—and away fly the paddles and balls.

THE purpose of Kappa Pi Epsilon is to foster loyalty to and advance the interests of the University of the City of Toledo; to maintain a high standard of scholarship; and to provide such social activities as shall promote a spirit of good fellowship.

The sorority entertained the members of the other sororities of the University at their annual Thanksgiving tea. Other activities have included a rummage sale, dances, spreads, and novelty parties.

Kappa Pi Epsilon is happy to be able to announce their new patronesses, Mrs. W. J. Peoples and Mrs. Blake-More Godwin.

THE purpose of the Pi Delta Chi Sorority is to promote friendship among the members and to encourage interest and participation in the activities of the University.

During the year the sorority has contributed to various charity programs and has added new material to the Pi Delta Chi alcove in the library, honoring John W. Dowd.

The social activities have included the Christmas formal, a dance honoring the new pledges, a Founders Day Banquet on April 26, celebrating the seventeenth anniversary of the sorority, the Mother's Day Tea and the spring formal, which ended the program.

PHI THETA PSI sorority was organized in 1920 to promote social feeling, encourage higher scholarship, and to create leaders in campus activities in furtherance of a true University spirit.

Activities of the year have included charity work, spreads, formal and informal dances, a bridge luncheon, and ending with the annual spring Formal at the close of the semester. The under-graduates are looking forward to many more successful years in campus activities at the University.

THROUGH the participation of its members in the activities of the University and in its own social functions, Psi Chi Phi sorority tries to encourage the development of the athletic, executive, scholarly, social sides of their lives. This sorority holds the volleyball championship and is also the champion of the sorority basketball teams. Its social calendar this year included a roast, a slumber party, several formal and informal dances, a Mother's Day Tea and a spring bridge party.

ALPHA Tau Sigma sorority closed its first year with a Founders' Day banquet on January 5, 1932, and looked back on a very successful year. Among the pleasant memories were the Faculty Tea, the Halloween party, the rummage sale, the Christmas party, and innumerable good times at the pot luck suppers in the homes of the members.

The sorority has been able to fulfill its purpose of bringing its members together in social harmony and friendship through the help and guidance of Dean Katherine Easley, Miss Vandenbroek, and its patronesses, Mrs. Dorman Richardson, Mrs. Nicholas Mogendorff, Mrs. Frank Parmalee, and Mrs. George F. Evans.

SIGMA PI DELTA is proud to celebrate its first anniversary as an organization. Beginning with a very small group, the sorority has grown, and with its growth has attempted to contribute to the organized life on the campus.

The sorority was first organized by a group of interested students desiring to further social relations, and preserve high scholastic standing.

We hope that the future will bring increased opportunity for service to the University.

TAU DELTA SIGMA was formed in order that its members might participate more effectively in the student activities of the University of Toledo, and enjoy more fully the friendship of girls whose interests are the same as theirs. Its purpose is to unite the members more closely in the bonds of fraternity, and to strengthen their interests on the campus of the University.

The activities of Tau Delta Sigma are primarily social. Dances, a tea, a bridge party, and several novelty parties have made up the sorority's social calendar.

THE purpose of Zeta Gamma Phi is to stimulate an interest in the culture of foreign peoples, including their art, music, literature, and history. Once a month one of the members gives a short talk which deals with some foreign topic.

The aims of this sorority are to promote friendship, to be active in all school enterprises, and to participate in such activities that will tend to uphold the school standards. The activities of the sorority will not be entirely confined to serious matters, but they will be of such a nature that they will draw the members closer together in a bond of friendship and comradeship.

KAPPA PSI is an international pharmaceutical fraternity totaling 81 chapters and 11,475 members. It has chapters in almost all of the Colleges of Pharmacy in North America which are recognized by the American Pharmaceutical Association. It is governed by a Grand Council.

Its purpose is to conduct a mutual fraternal organization; to unite in fellowship persons of good character and sound mental health; to further the advantages of its members socially, morally, and intellectually; and to foster pharmaceutical research and high scholarship.

ONE of the chief aims of this fraternity is leadership. Phi Kappa Chi desires to so inculcate its principles in its members that they may be recognized as leaders among men in their college life. In the worthy competition of college activities and athletics the members propose to uphold the high standards set by the founders in their college achievements, and to strive for leadership in worthwhile extra-curricular student life.

Many social functions have been sponsored this year by Phi Kappa Chi. They have included dances, smokers, and novel entertainments.

SIGMA BETA PHI fraternity was founded on February 21, 1918. The organization was the outgrowth of a deep friendship during the existence of the Student Army Training Corps. The eleven founders pledged themselves and the fraternity to the development of a greater university, a greater spirit of fellowship, a higher standard of scholarship and the development of higher character.

Each succeeding active chapter has upheld the tradition of its founders and with the acquisition of a splendid new home Sigma Beta Phi looks forward to greater accomplishments.

SIGMA Delta Rho is the only national social fraternity on the campus. It was organized in 1921 as the Zeta Omicron fraternity, and in May, 1924, was affiliated with Sigma Delta Rho as the Gamma chapter. In 1931, the fraternity was admitted to the Inter-Fraternity Council, an organization composed of the leading national fraternities.

The chapter members are leaders in campus activities, taking part in football, basketball, debating, track, and other major and minor activities. Recently the chapter moved into new quarters on the third floor of the Berkeley Manor, where many of the social gatherings and other functions are now being held.

THE purpose of Alpha Phi Omega is to create and promote fellowship, athletics, and scholarship; and to encourage college activities. The fraternity has just completed one of its most successful years.

Alpha Phi Omega began its social activities this year with two well attended picnics, one at Sand Lake and the other at Clarke's Lake. Passing quickly over a smoker for the Alumni and the Founders' Day celebration the next high point was the Christmas Formal given at Maumee River Yacht Club. Next came the dance given by the Pledges in honor of the active chapter. Plans for the second semester include monthly dances culminating in the annual Spring Formal.

The purpose of the fraternity is to promote fraternal and social feeling and to support all activities and projects of the University.

Many of the members have been outstanding in athletics, participating in basketball, baseball, golf and wrestling. The fraternity tied for first place in the inter-fraternity basketball contests.

Chi Rho Nu has also enjoyed many social activities this year and the Founders' Day celebration filled an enjoyable week-end. Some of the success of the functions has been due to the music furnished by the fraternity's own orchestra under the direction of Robert Wagner.

Ten years ago a new fraternity made its appearance on the University campus and was known as Kappa Iota Chi. Since that time the organization has been active and progressive and today is one of the foremost fraternities on the campus.

Like all previous years, this one has been full of activity, starting with a roast and continuing with dances, pledging, and a banquet to honor the installation of the incoming officers and the new members. Throughout the year the fraternal spirit of the members was displayed by the weekly house gatherings.

LAMBDA CHI fraternity began its activities for the year with the annual Rush Smoker and on Nov. 28, the pledges gave a dance in the Field House.

During the semester the weekly meetings featured addresses by such prominent men as Dr. Rabbi Kornfield, Dr. Trettien, and James Nicholson.

On New Year's Eve a brilliant social affair was held in the Annex Building. The social activities for the year were climaxed by the annual banquet at the Fort Meigs hotel on May 5, and the Spring Dance on May 18.

CHI BETA CHI fraternity has three aims: the development of character among university men, because this is one of the most important parts of a man's education; the attainment of brotherhood, since only men in close association under the same standard of accomplishments and the same code of ideals can obtain brotherhood in its true sense, and the attainment of culture. The members, because of their close association with each other, are in contact with almost every branch of academic work, and this contact awakens the desire for more knowledge and thus fosters a high scholastic standard.

The purpose of the organization is the inculcation of the ideals of scholarship, scientific attitude and method and social service in the study of all social problems. Members are elected from among persons with junior, senior, or graduate standing with at least twenty hours' credit in Social Science with a B plus grade in a standard institution of higher education.

Speakers at Dinner Meetings, 1931-'32

Dorothy Karl, R. Lincoln Long, Eleanor Lunacharsky, Garry Jabilian, William Snow, Silas E. Hurin, Gustavus Ohlinger.

THE purpose of publishing the Blockhouse, like that of most college publications, is to record those things which are of interest to the student body of the school.

This year the Staff has planned the annual to carry a modern note. No definite theme outlines the book, but simplicity and clever humor in the art work have been the goals. With this in mind, the Staff has carried on the work of publishing this edition of the annual of Toledo University.

THE Campus Collegian, the weekly newspaper of the University of the City of Toledo which won the "Best Ohio Weekly" cup last year, has completed another successful year. It has maintained a strong editorial policy, achieving more through this medium than in any previous year.

The platform of this weekly includes an unbiased treatment of facts, recognition of ability regardless of fraternal or nonfraternal affiliations, a university standard of news, and a more democratic school spirit. As organ of the nonpartisan movement for the control of student activities, it made a name for itself in campus politics.

IN May, 1931, the Eta Chapter of the Alpha Phi Gamma, a national honorary co-educational journalistic fraternity, received its charter from the national office and was officially recognized as having completed a year's pledgeship.

Membership in Alpha Phi Gamma is based upon work done on the college newspaper and upon scholarship. Work on the newspaper means holding a position for one year either as an editor or as an associate editor.

The purpose of the fraternity is to recognize achievement and ability in journalism, to serve and promote the welfare of the college through journalism and to unite in a fraternal way students interested in journalism.

Chairman of May Day

THE Woman's Association is an organization of all the women of the University of Toledo. Its purpose is to promote a friendly, coöperative and loyal spirit among the University women.

During the year the organization sponsors two or three social activities. In the spring of each year the president is elected from the Junior Class. With this office goes the honor of being the University May Queen. May Day is the most elaborate and prominent activity sponsored by the women. It is an annual affair given on the campus and is well attended by students, faculty and friends. At this time the May Queen crowns the president-elect the new queen of the University.

THE University League of Women Voters was organized in 1926 for the purpose of fostering citizenship among University women. Since that time the organization has become a vital part of the campus life.

The League has had several interesting discussion meetings on current topics, as well as some interesting guest speakers, such as Dr. O. Garfield Jones, Miss Louise Gates, and Miss Esther Antin. The League was represented at the National Convention of the League of Women Voters at Detroit in April by two voting delegates.

Le Cercle Français was organized two years ago for the purpose of promoting a greater interest in the French literature and language.

At each meeting, held on the third Sunday of each month, an interesting program is given. This year the organization is attempting to produce a play which will be presented in the Little Theatre for the French students of the University and the city high schools.

THE purpose of El Centro Español is to increase interest in Spanish and to practice speaking that language. The members of this organization are students of Spanish at the University, or students who have the equivalent of one year of Spanish.

The meetings of El Centro Español are held on the last Sunday of each month in the home of some member. All speaking is done in Spanish, and there is usually a guest speaker who gives a talk in Spanish.

THIRTY-FIVE intercollegiate debates with only four defeats is the record of the University of Toledo debate squad this year. By reason of winning six out of seven Ohio Conference debates, Toledo became co-holder with Heidelberg College of the Ohio Conference championship.

A captains team, composed of William D. Snow and Stanley Jeffery, captains of the two conference teams, was then formed to debate championship teams from other conferences. This captains team debated fourteen times without losing a single contest. It won ten victories and participated in four non-decision contests. It met teams from the University of Michigan, Dartmouth College, Rollins College, the University of Florida, and other schools of national reputation. The freshman team participated in two non-decision contests with Ohio college teams. In addition to the four men's teams, the University of Toledo was represented in intercollegiate debating circles by two competent women's teams, which debated ten times and lost only two contests.

University teams won high honors in the following debating tournaments: an Ohio college tournament at Baldwin-Wallace College, an interstate tournament at Heidelberg College, and a national tournament at the University of Oklahoma.

The unusual success of Toledo's debate teams this year is in large measure the result of the expert guidance given our debaters by Dr. G. H. Orians, debate coach and adviser.

THE aim of the Student Y is "to permeate the student body with respect for and the continuance of ideals of living that are ethical, ideals of association that are Christian, and to seek out, train and maintain the leadership which will project and sustain these ideals."

One of the best known activities of the Student Y is the Gospel Team. Organized in 1927, the team has attained state and national fame and, headed by Robert Jennings this year, has held services every Sunday evening. The Gospel Team has two purposes: to better acquaint the church-going public with the aims and activities of the students at their municipal university, and, in so far as possible, to correctly interpret the ethical and religious opinions of modern university students.

Delta X, the University mathematics club, was organized three years ago by mathematics students under the supervision of Professor Wayne Dancer. Its purpose is to consider interesting topics in mathematics which are related to, but are not a part of, the regular classroom work. Members are those students who have taken or are taking calculus.

At each regular meeting of the organization some student discusses and demonstrates some phase of mathematics which is of interest to the entire group. This stimulates the students' interest and offers an opportunity for individual study and research.

A roast, a novel Christmas party, a meeting for the benefit of all Freshman mathematics students, a banquet, and a picnic made up the social activities of the past year.

THE object of the Ellen Richards Club is to promote interest in the Home Economics Department of the University of the City of Toledo, and to further interests in home economics. The club was organized on September 30, 1927. The activities this year have included welfare work, a faculty tea, and a study of social customs of several countries. In the latter connection a Russian tea was given at which Madame Lunacharsky was guest speaker. The year's activities will be ended by a farewell party for the Senior girls.

THE International Relations Club of the University of the City of Toledo was organized to afford an opportunity to students majoring in History or Political Science to discuss questions of international importance, to hear distinguished speakers, and to receive all the benefits which come from meeting around the conference table. An attempt is made to point out the underlying principles of international conduct, law and organization.

This organization is also a member of the Ohio Valley International Relations Club Conference, which includes clubs from schools in Ohio, Kentucky and West Virginia.

THE Dramatic Association of the University of the City of Toledo as it is today is the result of a reorganization which took place in May, 1927, following a lapse of several years in which there was no such organization on the campus. Since that time the Association has had many successful years as is shown by the following record.

1927-1928

President: Ruth Stark

Director: Donald Canfield

Produced: The Twelve Pound Look
The Loveliest Thing
The Romantic Age

1928-1929

President: Mary Tresslar

Director: S. Wesley McKey

Produced: The Tragedy of Nan
Outward Bound
Mary the Third

1929-1930

President: Frances Pennoyer

Director: S. Wesley McKey

Produced: Candida
Three O'Neil plays
The Queen's Husband

1930-1931

President: Dorothy Boor

Director: Elwood Allen

Produced: If I Were King
Holiday
Three One Act Plays

Liliom

THE above scene is characteristic of the sensitive, yet rough-appearing Liliom, who was splendidly portrayed by Arthur Gould in "Liliom," the first important play of the year. All through life he went, belligerent because he was maladjusted, unkind because he didn't know how to show sympathy, harsh because he didn't know that sweetness wasn't effeminate. The woman who came into his life, Julie, was sincerely played by Phyllis Heinle. The supporting cast, although a large one, was hardly essential to the progress of the play, which shows the unfolding of this personality, Liliom. But because their work was as genuine as Phyllis' and Art's they, too, deserve commendation. And "they" are Irving Gould, Helyn Nagle, Franklin Steinmueller, James Smith, Margaret Klein, Robert Hall, Kenneth Sansom and Elaine Beeson.

The stage manager for this and many other plays, Fred Kilian, deserves a word of praise. He can't be surpassed for hard work and genuine interest. Steiny and Freddy—we thank you.

GIBSON BARLOW, as director, is responsible for the exceptionally fine "Saint Joan." He took this Shaw play and "set" it with exquisite taste, not to mention cunning ingenuity. Not only that, but his cast, which was well-chosen, paid him and themselves, too, tribute by their finished production. Phyllis Heinle, as Saint Joan, was splendid. She caught the spirit of Saint Joan and Shaw and proceeded to make it very effective. The list of supporting characters is too long to allow for individual comments, but in all fairness we must single out Rollo Heebsh, the king, for a special word. Rollo did that simple, kicked-around dauphin in no poor way and deserves recognition. There follows the rest of the cast, who through their intelligent interpretation contributed so much to the success of "Saint Joan": Norman Staiger, Kenneth Konopka, William Anderson, Rolland Buehrer, Gwyn Start, Helyn Nagle, Russell Sommerville, Kenneth Sansom, Charlotte Kepner, Sherman Stambaugh, Carl Eberlein, Franklyn Steinmueller, Arthur Gould, Robert Hall, Loyal Calkins, James Briggs, James Leister, Norman Fetzer, Clair Fisher, Robert Campbell.

MOURNING BECOMES ELECTRA

EUGENE O'NEIL

(Courtesy of *Nachtreib's Book Store*)

"Mourning Becomes Electra" is Greek tragedy placed in a Civil War time—in the light of modern abnormal psychology. Both Sophocles and Euripides wrote an "Electra," and Aeschylus told the same story in his "Agamemnon." It would seem that the modern version is most similar to that of Sophocles, for O'Neil's Electra (Lavinia) is like his tragic, vengeful heroine—equally bitter in her resentment, equally implacable in her determination.

O'Neil retains the Greek motif by his suggestion of masks worn by the actors and by his use of a chorus. The play has that same inevitability characteristic of the Grecian tragedy. Its fateful rhythm marches steadily toward certain fulfillment.

"Electra" is a trilogy composed of three plays: "The Homecoming," "The Hunted," and "The Haunted." The titles are suggestive of the plot. "The Homecoming": Ezra Mannon (Agamemnon) returns after the war to his unfaithful wife, Christine (Clytemnestra), who has taken a lover, Adam Brant (Aegisthus). Christine murders her husband. Lavinia (Electra), the daughter, seeks to avenge her father's death and employs the aid of her brother, Orian (Orestes). "The

Hunted": Together they follow their mother to a rendezvous with Brant. Orestes (victim of an Oedipus complex) is enraged to learn that his mother has actually fallen in love with Brant, and at the instigation of Lavinia, he kills her lover. Christine, on learning later of Brant's death, commits suicide. "The Haunted": Lavinia and Orian go away on a sea voyage "to forget" presumably, returning finally to the old home, which has meanwhile gained the reputation of a "haunted" place. Orian is half-crazed with remorse, and Lavinia is in an agony of dread concerning the possible exposure of their crimes. Orian identifies himself with his dead father, and his sister with Christine. Finally, he kills himself. Lavinia, with tardy regret, decides to spend the remainder of her life in lonely expiation, scorning the easy escape taken by her mother and her brother.

Again the Greek touch is shown in that the characters are strong types; they are not so much ordinary, complex human beings, as they are idealized motives. Lavinia, for instance, is the very epitome of vengeance.

This is a good play to read; the reader cannot but visualize every scene, every gesture of the actors. For "Mourning Becomes Electra" is classic in its austere simplicity, vivid in its sure strength.

NATIONAL PUBLIC SPEAKING CONTEST

THE national intercollegiate public speaking (extempore) championship for 1932 was won by William D. Snow, University of Toledo entrant in the national public speaking and debating tournament, held at Tulsa, Oklahoma, March 28-April 2.

Mr. Snow won the national championship over contestants from 162 universities. Every state in the Union was represented, except Nevada and Delaware.

The Toledo entrant survived five elimination contests and the semi-finals before he entered the finals to win the championship. The subject of his winning address was "Cermak, Illinois, and Tammany."

The public speaking tournament was of the extempore variety. In each round, the contestants drew the subjects on which they were obliged to speak just one hour before the speech was to be delivered. Thus each contestant spoke on a different subject in each round of the tournament until he was eliminated.

"Why Spend So Much Money on Elections?" was Mr. Snow's subject in the semi-finals.

At the banquet in the Hotel Tulsa which concluded the tournament Mr. Snow was awarded a large gold and silver loving cup and a gold medal. The loving cup will be presented to the University, it was announced. Leonard Linsenmayer, of Bowling Green, was runner-up in the same contest.

The national public speaking and debating tournament was held in Tulsa in conjunction with the ninth biennial convention of Pi Kappa Delta, largest forensics fraternity in the world.

Spencer Northup and Mr. Snow represented the University of Toledo. They comprised the University debate team which survived five rounds in the debating tournament, winning four of five debates.

The national debating championship was won by the team from Redlands College, California.

The team from the University of Porto Rico, where President Henry Doermann was formerly vice-chancellor, placed close to the top in the debating tournament.

WHEN PLAY BEGINS

Now that grades are known for last semester and those ineligible for activities have been informed, it seems high time that we seriously consider the situation.

Last week we printed an editorial emphasizing the benefit derived from participation in extra curricular work. It is extremely noticeable, however, that many underclassmen have not learned to apportion their time wisely. It has been said, again and again, that the primary purpose of University students should be to learn as much as possible.

This should be interpreted broadly enough to include one of the fundamentals of success in any kind of work which the student will do later in life. That fundamental is that we master one thing at a time. Studies come first and play later. The problem, and job, of the student is to determine when work is done, and when it is time to play. Activities, though they include much work, are play in the sense that one does not have to participate in them.

It would be wise if every student outlined a schedule each week, planning study and recreation periods. Both are necessary. Play often and long enough, but wisely.

If there is a surplus of time—be of service to your University—benefit yourself by work in activities.

If every student reads this, and thinks seriously about his own particular problem, we should have more entries in worthwhile activities and a better standard of scholastic work.

BOOK STORE PRICES

Sometimes, situations which are tolerated in times of prosperity become focal points of agitation when economy must be practiced. Things which have passed with little attention often become sore spots from which greater infection spreads. We believe it is the duty of a campus newspaper to wield the tools of scientific investigation upon these points, of which the following is a significant example.

There is a sign in the local book store which reads as follows: "A student enterprise for student benefit." This statement is apt to be misleading. The facts of the case are that the book store is operated by the University administration. All profits above cost of operation go into a "general fund," controlled directly by the administration and directed into any channels which it may see fit. Thus, eventually, students do benefit by the profits accrued by this institution.

However, there are two ways in which the student body may benefit by the operation of this store. The first has just been outlined. The second is by a *general reduction in the price of all books and sundry articles*, thus diverting the profit to the purse of the purchaser before there is any chance for distribution. We believe that the latter method is preferable.

If it is true that the book store is operated for the good of the students, the means which will result in the greatest good for all is the expedient one. Again, if the sale of books is for student benefit, it is certainly desirable that *ALL* of the books be bought in our own book store, a thing which is virtually impossible when outside competitors are able to undersell by amounts ranging from 10 to 25%. We have been assured that these same competitors make a substantial

profit by underselling, under conditions less favorable than those existing in our own book store. There are few of us who would willingly take our dollars to an outside store, if the same values were forthcoming in our own college.

In coming issues, the Campus Collegian will endeavor to make comparisons of prices at our local store with those offered down town and elsewhere. It will try to show how the profits of the book store might be turned to the channels where they will serve to benefit the greatest number—into the purses of the students.

THE SECRET BALLOT

One of the fundamental planks in a democratic political system is the "Secret Ballot." The most recent example where this was disregarded was shown at the polls Tuesday and Wednesday in our special college election.

It is one thing to campaign for your candidate in the hall, and quite another to march him to the ballot box and stand over him to see that he votes correctly. In a few cases the voters were even shown where to place the X. And some ballots were marked by "one of the right parties" for the timid student voter.

We advocate that no one except voters and officials be allowed in the room used to hold the election in; that a place be provided where voters may mark their ballots without undue influence from others in the room, and that there be no campaigning within election boundaries.

In a college where political science and the fundamentals of citizenship are taught, it certainly reflects unfavorably on the student body that the above recommendations are not already in practice.

CAMPUS COLLEGIAN CLIPPINGS

PAN-HELL

We hear student comments on practically all campus organizations. Several recent ones concerning a particular one, however, seem to bear investigation. They go something like this, "What the h— is Pan-Hell doing?" And we wonder, too. The inter-sorority council seems to be functioning exceptionally well, and to be coördinating the activities of various sororities to a great extent. At least everyone knows what it is for and what it is doing.

The very fact that even members of Pan-Hell know little or nothing about what they shou'd or ought to be doing is evidence that the organization needs awakening. Why should this group continue on the campus if they are not functioning properly? Maybe they have done something this year, but what is it? Did the Phi Kap "Liquor Squabble" come before Pan-Hell? Are they enforcing rushing rules? Do they intend to improve them? What do they intend to do?

N. S. F. A. ROLL REVEALS PRESENCE OF MANY INTERESTING DELEGATES

There have been some interesting characters floating around in University Hall and in the lounges at the Commodore Perry hotel. Just as an example of the comradeship displayed, we found Thomas Edwards from Whittier, California (he really lives in Philadelphia), at the piano Monday night after dinner. He plays exceptionally well, and imitates Eddie Cantor to the T. With him was Charles Booth, Southwestern College at Winfield, Kansas. He is editor of the college weekly publication there. Another editor

joined the group, none other than Ed Teple from Ohio Northern. Joe Bosio, Whittier, California, and Arthur Swarner from San Diego State, California, came over to sing "We Love You California." In tribute to Toledo, and in honor of the convention they sang "Beer Old Toledo" to the tune of a ditty that will not bear publication. Swarner bragged that he was the most southwestern of the delegates, living only 10 miles from Mexico and 10 miles from the ocean (it must be the Pacific). If he was the most southwestern, he at least showed little sign of being backward.

The east was well represented in celebrities. Herbert Bass from Temple is a star track man, good at the 220 and a flash in the 100 yards. His record is 9.4 and he plans to enter the Olympics.

Joe Bushard, Southern California, was a man that all the girls wanted to meet. We couldn't find him, but heard that he was terribly good looking. And by the way, he is president of the Gigolo Club at his Alma Mater.

James Noel from Southern Methodist met everybody. We wonder why? At any rate you may be interested to know that he was listed in the Col'lege Humor Art Gallery last issue.

Helen Judd, delegate from Mills College, California, is the daughter of the Governor General of the Hawaiian Islands. Her home is in Honolulu.

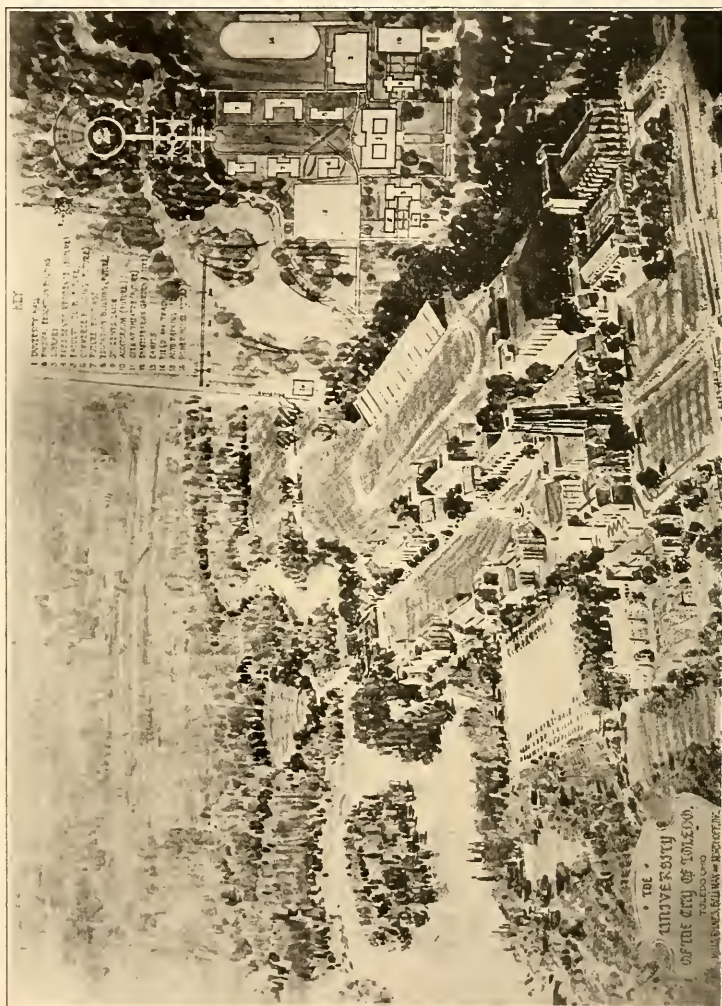

Louise MacCracken and Doris Ferry from Vassar represent not only their own Alma Mater but other eastern girls' schools.

Charles Odom tried to charm the girls into voting for Tulane as the next convention site. His southern drawl very nearly succeeded. We shall see Thursday afternoon!

December 31, 1931.

Our University

HERE is our University of the future,—now it is only an idea, but it is real and true, nevertheless. It will be a wonderful achievement when we can see that the spacious gardens and the beautiful buildings are complete. Our hopes and dreams and plans are all expressed in this drawing.

It represents sixteen projects for an ideal University of the City of Toledo. University Hall and the Field House are already in existence, exemplifying the finest buildings of their kind in the state. The citizens of Toledo should be proud of these buildings which stand as a living monument to their hopes for the citizenry of tomorrow who will be trained in this educational institution. It is only fitting that this noble work should be completed by adding the lovely buildings and surroundings as are laid out.

This is a dream of the University of Toledo; we have the beginning of it. May our dreams come true—and quickly.
